

Where Is The Emperor Now?

Where is the Emperor now? Is he in another meeting?
Where is his Majesty? We would like to hear his views.
And now he's disappeared. Is he at another fitting?
He must come back. He must preside and hear the latest news.

We're not impatient people but we have lives to live.
We need to see his Majesty, so tell us now, "What gives?"
He used to be available to help us with advice.
An hour or two is all we ask; that would be nice.
