Alexander Hamilton, we are waiting in the wings for you. You could never back down, you never learned to take your time! Oh, Alexander Hamilton, when America sings for you, Will they know what you overcame? Will they know you rewrote the game? The world will never be the same!

KING GEORGE

You'll be back, soon, you'll see. You'll remember you belong to me. You'll be back, time will tell. You'll remember that I served you well. Oceans rise, empires fall. We have seen each other through it all. And when push comes to shove I will send a fully armed battalion to remind you of my love!

But, Look around, look around, the revolution's happening in New York. In New York. "We hold these truths to be self evident, that all men are created equal." Look around, look around, at how lucky we are to be alive right now. History is happening in Manhattan and we just happen to be in the greatest city, In the greatest city in the world!

BURR

Life doesn't discriminate. Between the sinners and the saints It takes and it takes and it takes, and we keep living anyway We rise and we fall and we break and we make our mistakes And if there's a reason I'm still alive when so many have died Then I'm willin' to wait for it.

What is it like in his shoes?

No one else was in the room where it happened, the room where it happened, The room where it happened.

No one else was in the room where it happened, the room where it happened, The room where it happened.

No one really knows how the parties get to yes. The pieces that are sacrificed in ev'ry game of chess.

We just assume that it happens. But no one else is in the room where it happens.

I've got to be in the room where it happens. I've got to be in the room where it happens.

I wanna be in the room where it happens!
