

Franklin the Elephant

I am Franklin, the little elephant
I live on the savanna on the African continent
I am growing bigger, I really like to eat
When I walk through the grass it tickles my feet

I am Franklin, the elephant
I am happy all day long
I am Franklin, the elephant
Come and listen to my song

I love to play, to sing and laugh
My best friend is tall, he's Lincoln giraffe
I count to 10, I don't even peek
I always find him when we play hide and seek

I am Franklin, the elephant
I am happy all day long
I am Franklin, the elephant
Come and listen to my song
