

Light A Candle

Light a candle, light a candle, as we celebrate the stories of our past
Light a candle, light a candle, as a symbol of traditions that will last

For, with the candle glow, we celebrate the season.
So all the world will know the special reason.

Light a candle, light a candle, to illuminate a cold December night.
Light a candle, light a candle, to reveal what we believe in candlelight.

For, with the candle glow, we celebrate the season.
So all the world will know the special reason.

Light a candle, light a candle, joining yours with mine will make the light increase
Light a candle, light a candle, and our candlelight will be a sign of peace.

(Spoken) Hanukah Sameach ... Feliz Navidad ... Merry Christmas
